Subject: *Celebrating 25 Years of Community Transformation!*

Dear Friends,

"Great things are done by a series of small things brought together." (Vincent van Gogh)

As we look back on our journey, these words hold a very special meaning for us. This September 2026, Development Initiatives By Social Animation (DISA) officially completes 25 years of dedicated services to rural communities. When we first started a quarter of a century ago, our vision was to bring sustainable growth, empowerment, and animation to rural areas. As enablers and collaborators, we could accompany the poor and excluded sections in the society. Today, as we stand on this momentous milestone, we know that our achievements were never ours alone. They belong equally to you.

Your unwavering trust, collaboration, and support by sharing your precious resources of time, energy, money, materials and guidance have been the cornerstone of our impact. You have walked alongside us for community-led development, enhancing the capabilities of the poor, transforming their lives and creating self-reliant communities. Thank you for being an indispensable part of our story.

While celebrating this historic milestone together, in this journey, we express our deepest gratitude and deep appreciation for your contribution and accompaniment. It simply would not be possible and complete without you. Three cheers to you!!!

With warm regards and deep gratitude,

**BINU TOMY,
SECRETARY, DEVELOPMENT INITIATIVES BY SOCIAL ANIMATION (DISA)**
